SUMMARY

Marketing agent turned Web Developer, UX designer with a strong background in creating user friendly, aesthetically pleasing and functional web applications. My projects including SurfYurt and SkullySauce e-commerce store showcases my abilities with Mongodb, Express, React.js, Node.js stack capabilities by having a creative idea and UX while implementing backend databases. My experience with Skolnick Media and Wave Riding Vehicles has equipped me with the expertise to discern the elements that attract and engage visitors, by looking at data and honing my skills in the digital marketing field. The synergy between my work experience along with my web development education highlights my readiness to thrive within the dynamic space of the tech industry.

SKILLS

- **Languages**: HTML, CSS, JavaScript
- **Frameworks**: Node.js, Express.JS
- **Libraries**: React, jQuery
- **Databases**: MongoDB, SQL
- **Authorization**: Passport.JS, Bcrypt
- **Testing**: Mocha, Chai, Enzyme
- **CICD**: GIT

In a developer role at your company I will…

- Code within company coding standards and styles.
- Write fully automated code tests in adherence to best practices.
- Learn how to leverage the current CICD pipeline in place.
- Build responsive frontend designs to spec per the UX design.
- Build out API routes per RESTful design structure.
- Diligently prioritize multiple projects to ensure timely results.
- Be coachable and accepting of constructive criticism.

EDUCATION

Point Loma Nazarene University-Business Management & Entrepreneurship
San Diego, CA 2015-2019

V School Coding Bootcamp   **Remote 2023**
-Learned industry best practices and practical software development standards with a focus on HTML5, CSS3, JavaScript, Node.JS, React, REST APIs, and MongoDB.
- Created and deployed mobile-first applications while learning new languages and frameworks by collaborating every week with senior web developers.

EXPERIENCE

Wave Riding Vehicles - Surf Instructor/Social Media Manager   **Virginia Beach, VA** 2010 - 2018
- Started working at the age of thirteen, progressed to a social media position
- Used campaigns to market sales for the store, giveaways, and promotions
- Created and executed social media campaigns, resulting in a 10,000+ follower increase.

Vissla - Store Manager   **San Diego, CA** 2019 - 2020
- Oversaw day to day operations by assisting with sales, restocked inventory, and ordered new inventory.
- Scheduled employees schedules
- Closed down due to COVID

Skolnick Media & Communications- Marketing Assistant   **Virginia Beach, VA** 2020 - 2022
-Prospected new clients, developed and executed campaigns, and reported on campaign results.
-Used engagement data to recreate and improve future campaigns.
-Utilized AI for campaign development and focused on communication and customer relations.

PROJECTS

Surf Yurt.

Application that allows users to add surfboards to their quiver, rate boards, and provide comments to other users' surfboards. Built using javascript, CSS, React.js, Node.js, Express, and Mongodb database.

- Constructed API following RESTful standards, using MongoDB.
- Addressed authentication and security concerns with JWT tokens, and the Bcrypt library.
- Created accessible, dynamic, and responsive front-end design using HTML wireframes, CSS styling, and eloquent JavaScript.

Skully Sauce

- Built using Javascript, CSS, React.js, Node.js, Express, and Mongodb database.
- MERN stack application with products stored in a RESTful API
- Utilizes efficient useState function to provide a cart of products to be purchased
- Styled responsively for both phone, tablet, and computer
